

The Joint Conference of the 59th Annual Meeting of the Association for Computational Linguistics and the 11th International Joint Conference on Natural Language Processing

ACL-IJCNLP 2021

Abstract Submission Form

To submit your abstract, please fill in the form below, and then press the save button at the bottom. After you complete the form, you will be able to submit the full paper using the "Full-paper submission form".

Important: The conference is running a double-blind review process. In preparing your manuscript, do not include any information which could reveal your identity, or that of your co-authors. The title section of your manuscript should not contain any author names, email addresses, or affiliation status. If you do include any author names on the title page, your submission will be automatically rejected. In the body of your submission, you should eliminate all direct references to your own previous work. That is, avoid phrases such as "this contribution generalizes our results for XYZ". Also, please do not disproportionately cite your own previous work. In other words, make your submission as anonymous as possible. We need your cooperation in our effort to maintain a fair, double-blind reviewing process - and to consider all submissions equally.

Title of Submission: [text input field]

List of Authors:

Please enter the complete list of authors for your submission, in the order in which they will appear on the abstract. Add as many slots as you want, to accommodate the total number of authors for your submission. Also note that the order of the authors can be changed by dragging author slots up and down.

Author slot interface: (currently no username for this slot) [text input] [Add existing user] [Delete] [Add Self] [Add Unregistered User] [More Authors]

Submission Categories: Please enter the categories under which the submission should be reviewed. This cannot be changed after the abstract submission deadline. Please note that your choice of a subject area helps the program chairs to place your paper into an area, but the program chairs may move your paper to a different area when the program chairs see fit.
